*These activities are subject to change. In Sri Lanka, things change constantly and we will make sure, one of the leaders keeps you up to date with all the information. Flexibility is very important. We will try to stick to the schedule as closely as possible, but please do not expect Swiss punctuality. Volunteers must remain with the programme from beginning to the end. Volunteers have the option to extend their stay after programme is complete. If you wish to prolong your stay please let us know as soon as possible.
